## VDP Wine Auction Kloster Eberbach on March 8, 2025

Hallgarten, February 2025

Dear customers,

at the upcoming traditional **VDP wine auction at Kloster Eberbach** we will participate with three wines.

The following will be offered under the serial number **13**

**180 bottles 0,75 l**

**2022  
VDP.AUCTION.RESERVE  
Riesling trocken "Le Cœur"  
à € 16,00**

Riesling trocken „Le Cœur“ VDP.AUCTION.RESERVE: The wine comes from old vines from the heart (**Le Cœur**) of the Hengelberg and is grown on slate soil. The grapes were crushed in the traditional way with the feet. After standing for about 24 hours, they were pressed and fermented spontaneously with the vineyard yeasts. After fermentation, the wine was allowed to mature on the lees for a longer time and therefore still shows a little closed.

# PRINZ

And as a very special rarity under number **22**

**15 Magnum**

**2023  
MARCOBRUNN  
Riesling trocken  
VDP.Grosses Gewächs  
à € 120,00**

which will only be available at the auction. The delivery of these bottles will take place on September 1, 2025 due to the VDP Rheingau regulations. We are very happy that since 2021 we are allowed cultivating a vineyard in this legendary location.

**JamesSuckling.com:** „Very flinty, herbal and radical, this is a wine you’ll either love or push away in preference for something more charming. Monumental power at the compact core, which is enormously structured for just under 13% alcohol. Then comes the extremely powerful and dark finish that just won’t let go. **98 points**

**Vinum Weinguide Deutschland 2025** writes on this wine: „Eine Klasse für sich ist das zu 100 Prozent im Holz ausgebaute GG aus einer der besten Parzellen des Marcobrunn. Balancierte Eleganz, feine gelbe saftige Frucht, dicht, kraftvoll ohne jegliche Schwere ... unaufgeregt erhaben.“ **95 points**

And with the serial numbers **34** and **35**

**240 bottles 0,75 l and 18 Magnum**

**2023  
JUNGFER  
Riesling Kabinett Goldkapsel  
à € 18,00 resp. € 36,00**

# PRINZ

JUNGFER Riesling Kabinett Goldkapsel (Gold Cap): This wine comes from old vines from the original part of the Jungfer site. The soils are characterized by a significant content of quartzite, which gives the wines a high minerality, finesse and longevity.

On **JamesSuckling.com** the 2023 vintage rated again **98 points** and is thus one of the highest-rated Kabinett wines in Germany: „The exotic fruit aromas explode from the glass of this extraordinary riesling Kabinett. So concentrated and succulent yet so fresh, with an energy that knocks you back in your chair. Perfect balance and such precision. How could you reject it just because there's some natural sweetness accentuating all of its natural beauty? Great aging potential.“

**Vinous:** „The 2023 Riesling Hallgartener Jungfer Kabinett Goldkapsel is the auction wine of the estate, made from one parcel densely planted in 1976 in the core of the site on almost pure quartzite. The aromatic nose shimmers with grapefruit peel and quince, framed with yellow apple flesh, apple blossom and a wealth of yellow plum notions. The palate is sweet, tempered with subtle grapefruit, a gentle aroma of dried apple peel and the merest hint of chamomile, all cut by vivid, almost electric acidity. It's totally vivacious and totally ripe.“ **93 points**

Usually, wines are offered at the VDP wine auctions that are not available for free sale and whose exclusivity is indicated by a special seal on each bottle. The participating commission agents will gladly take on your order. They make sure that if you are interested, you do not have to take over a completely offered quantity, but only the number of bottles that cover your needs. We will gladly establish contact for you or pass on your wishes.

Be a part of the Auction and try to get these special wines!

With best regards from the Rheingau region

Fred Prinz
